WE'RE PASSIONATE ABOUT WOOD

SWISS KRONO – A STRONG BRAND FAMILY

As a Swiss family company, we develop design solutions for sophisticated living spaces made from natural raw materials – in more than 121 countries, with expertise born from years of experience and outstanding interior and exterior results.

BY SWISS KRONO GROUP

PARTNERSHIP

We work together with you to develop first-class solutions that truly suit your needs. We are always at your side, even after the end of a project. Your trust is what drives us.

SWISS MADE

Our products are developed and manufactured using certified wood from sustainable Swiss forestry. This outstanding quality reflects the high demands we place on ourselves every day in order to provide you with the best possible solution.

RESPONSIBILITY

We are dedicated to a high level of resource efficiency and renewable energy. Our strategy: complete usage of material flows, short distances, renewable energy sources and a high level of energy efficiency.

The advances in water resistant technology for laminate flooring have been huge. Aquastop ensures water resistance for up to 72 hours, meaning the scope for where you can now use laminate is wider than ever.

SWISS MADE.

All of our Swiss collections are developed and manufactured using certified wood from sustainable forestry. We are also dedicated to maintaining a high level of efficiency and use of renewable energy throughout the manufacturing process.

Commercial Projects

At Signature Floors we have decades of experience in working on large commercial and residential projects. Working closely with designers and architects on the island of Ireland, we provide a bespoke project planning service to ensure each project exceeds expectations. We regularly provide this service for the following environments:

- Hotels
- Retail
- Residential
- Universities & Colleges
- Healthcare Facilities
- Restaurants

Recent commercial projects of note have included:

- University of Limerick Student Residences
- Cherrywood Apartment Development, Dublin
- Spencer North Apartment Development, Dublin
- Frascati Residential Development, Dublin
- Hansfield Housing Development, Dublin
- Concra Wood Golf Club House, Monaghan
- Stepside Housing Development, Dublin
- Coopers Cross Residential Development, Dublin
- Crows Nest Student Accommodation, Cork
- Westmanstown Golf Club House, Dublin
- Clay Farm Residential Development, Dublin

Acoustica Underlays

The Floorwise acoustica range of dense rubber underlays are excellent at absorbing noise, both between floors by way of impact sound reduction and within the room through airborne noise reduction.

Whisper Underlays

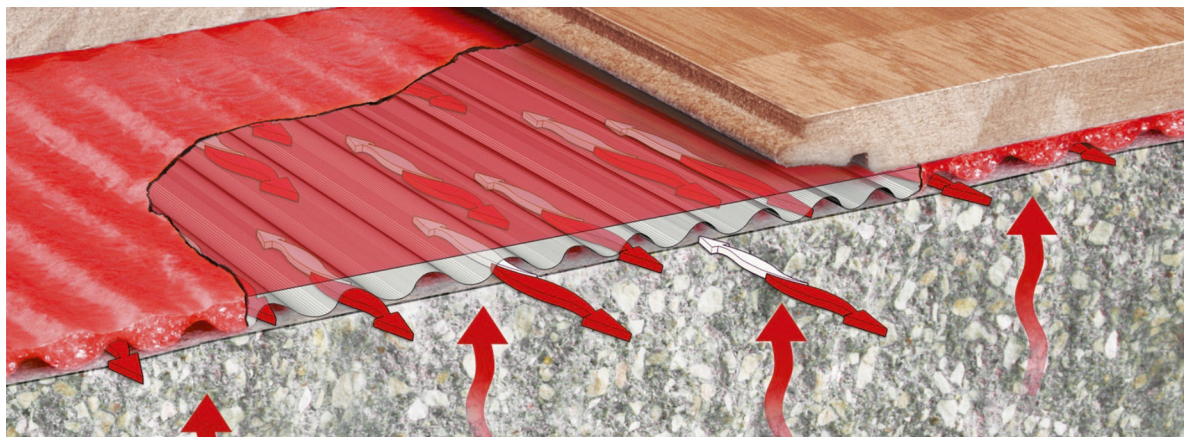

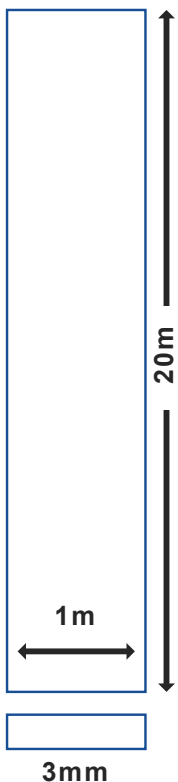

The range of Whisper PE foam underlays are also very good at absorbing impact noise but do not perform to the same standards as the acoustica range for airborne sound.

Suitability for Underfloor Heating

Floorwise underlays are suitable for use with most underfloor heating systems. The only real exception is a cable matting system, which was developed specifically for use with ceramic and stone floor tiles.

PROVENT™

LET YOUR FLOOR BREATHE

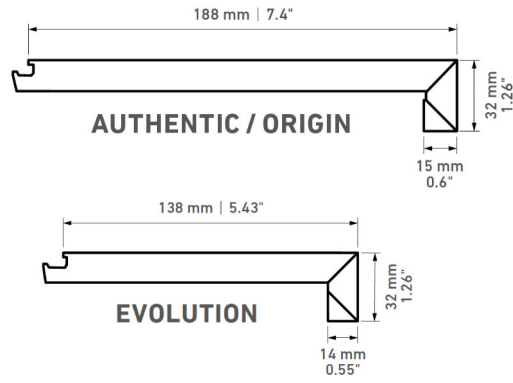

ProVent flooring underlay is an approx. 3 mm thick foam panel made from closed-cell polyethylene. Each panel is coated with a 0.02 mm thick high density polyethylene foil for additional protection against water vapour. The material is particularly resistant to ageing.

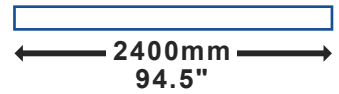

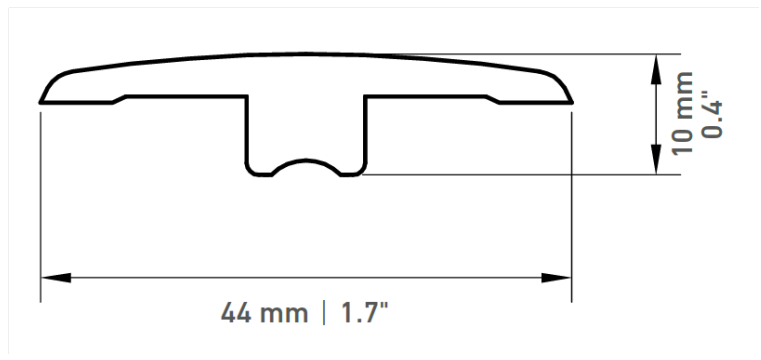

ProVent reinforces the ventilation of the concrete under-floor with the help of the patented Micropumping™ (water vapour drainage) system. This ventilation ensures that the water vapour is extracted and the underlay remains dry. As a result, mould is prevented from forming under the flooring.

Stair Profiles

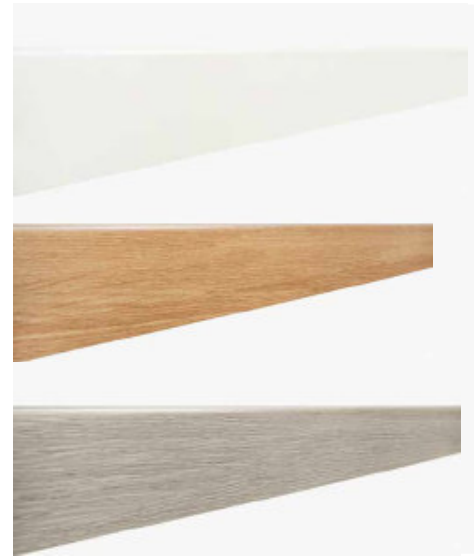

Transition Profile

Wooden Skirting

Our skirting is 6" thick, comes in 3.05m lengths, and is available in three colours:

- White
- Natural Oak
- Silver Grey

Laminate Cleaner

Ensuring a floor is kept in good condition is important with any floorcovering and a laminate floor is no different. Regular cleaning is an essential part of any maintenance routine and helps to ensure the longevity of your laminate floor. The KronoSwiss floor cleaner is especially formulated for our laminate collections and works gently but thoroughly to help keep your floors in their best condition.
